Re: Tazewell County - LPC 17981802
Washington/Weaver

Dear Sir:

Mr. Glenn Weaver has given me your letter of November 2, 1976, about the refuse disposal facility formerly operated by Mr. Weaver. He voluntarily closed the facility on June 29, 1974.

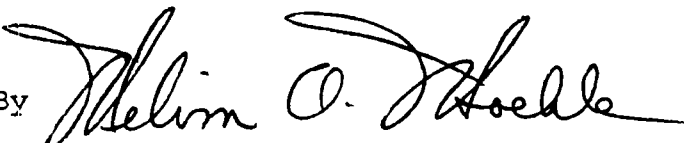

By order of the Illinois Pollution Control Board dated April 22, 1976, in Case No. PCB 75-2, Mr. Weaver was ordered to complete closure of the site in accordance with the six steps outlined in the stipulation dated February 23, 1976. Mr. Weaver complied with the stipulations prior to July 1, 1976. In addition to the cover, he seeded the entire area.

Incidentally, it would be appreciated if State operated vehicles would not drive on the recently seeded areas. Mr. Weaver also had a complaint from the neighbor that a State car had driven across his garden and lawn.

If an appointment is made with Mr. Weaver, I am certain he will meet with a representative of the Illinois Environmental Protection Agency. He is available Saturday or any other non-work day previously arranged. Mr. Weaver has shown his good faith in compliance to date, and there is every reason to believe he will continue his good faith.

Sincerely yours,

Moehle, Reardon, Smith & Day, Ltd.
